Clinical Gait Analysis: A Focus on Interpretation Basic and Advanced Courses

Location:

Crowne Plaza Northstar - Downtown
618 Second Ave. S.
Minneapolis, MN 55402
612-338-2288 or 888-444-0401 (toll-free)

Sponsored by:

Gillette Children's Specialty Healthcare

In Collaboration With:

**Connecticut Children's Medical Center and
University Hospital Pellenberg**

This three-day course features basic and advanced tracks. The basic track teaches introductory skills for analyzing gait and planning associated treatments. The advanced track is tailored to clinicians who have experience in gait analysis. In the advanced course, presenters discuss in depth the complexities of gait interpretation in children who have disabilities.

Course program and registration information will follow.
