What is a Pediatric Expert Consult?

The Pediatric Expert Consult provides direction for parents or caregivers of children who are unsure of how to best medically help their child. Our Pediatric Expert Consult is a virtual appointment with a Gillette pediatric provider who specializes in complex conditions. Under the guidance of our experts, you will have a better understanding of your child's individual healthcare needs and walk away with recommendations for the next steps in your child's care, including referrals to appropriate specialists.

Who is the Pediatric Expert Consult for?

The Pediatric Expert Consult is for parents or caregivers who aren't sure what to do next to medically help their child. At this time, the Pediatric Expert Consult is for patients aged 25 or younger who live in Minnesota, Wisconsin, Iowa, North Dakota, South Dakota and Michigan. Call our scheduling line at [651-726-2632](tel:651-726-2632) to check availability in your area.

Common Diagnoses or Symptoms:

Our Pediatric Expert Consult providers share care recommendations for children who are experiencing any kind of developmental, diagnosis or health-related concerns. Your child may be referred to a Gillette expert in the following areas:

- [Complex Care Pediatrics](#)

- Craniofacial and Plastics
- Neurology
- Occupational therapy
- Orthotics, Prosthetics and Seating
- Orthopedics
- Physical therapy
- Radiology and imaging
- Rehabilitation medicine
- Speech and language therapy

We do not see children who may be experiencing medical concerns with diabetes, kidney/renal issues, mental health, ophthalmology, or immunology. We do not provide emergency care, cancer care, or transplant care.

What can you expect from a Pediatric Expert Consult?

By scheduling a Pediatric Expert Consult, you can get medical advice on next steps and get closer to an answer. Here's what to expect from a consult:

- After scheduling a consult, you'll meet with a pediatric provider within two to five business days.
- The consult will take place virtually, by using your smartphone, tablet or computer with a webcam.
- The provider will ask about your concerns about your child's health.
- You'll be told observations of your child's health and be provided with recommended medical specialties to see.
- You may receive a referral and be connected with a scheduler.

4 Tips for a Successful Virtual Consult
