

## Rehabilitation Services

### What are Rehabilitation Services?

Some people who have physical disabilities, chronic pain or serious injuries need help to develop or regain strength, relief, mobility and independence. Rehabilitation services at Gillette Children's help these people restore their movement and functional abilities and enhance their quality of life.

The specialists at Gillette Children's provide comprehensive inpatient, outpatient and [virtual pediatric rehabilitation services](#). Our extensive team of pediatric rehab medicine specialists focus on:

- [Rehabilitation medicine](#).
- [Rehabilitation therapies](#) that include
  - ▢ Physical
  - ▢ Occupational
  - ▢ Speech and Language

### Rehabilitation: The Gillette Children's Difference

By choosing Gillette Children's, you'll have access to the most pediatric rehab medicine specialists in the nation. Gillette Children's is one of a select few pediatric specialty programs in Minnesota accredited by the [Commission on the Accreditation of Rehabilitation Facilities \(CARF\)](#) to meet the needs of young children and adolescents seeking acute inpatient rehabilitation. And we're one of less than 10 U.S. pediatric inpatient rehabilitation facilities to have CARF accreditation for both pediatric specialty and pediatric brain injury programs.

### Is Virtual Therapy Right for You?

We know that attending regular rehabilitation appointments can be difficult for some families. Whether it's due to distance, transportation issues or something else, we want to ease any obstacles to care. Gillette Children's now offers many of our rehabilitation services in a virtual format. Appointments are available to new or existing patients. Learn if virtual care is a good fit for your rehab needs. Call us at [651-290-8707](#).
