COMMITMENT TO ETHICS AND COMPLIANCE

The Code of Conduct (the "Code") is an essential part of Gillette's Corporate Compliance Program. Specifically, the Chief Executive Officer (CEO) in conjunction with the Compliance Officer, shall have the authority to take necessary actions to foster compliance with governmental laws and regulations. These actions include, but are not limited to:

- Helping to ensure accurate financial reporting, including oversight of the independent auditors contracted by Gillette, and the overall integrity of the financial reporting process;

- Helping to ensure compliance with fraud and abuse laws when Gillette transacts business with referral sources; and

In turn, Gillette Representatives have the responsibility to bring any situations that appear not to comply with the Code of Conduct to the attention of their respective supervisors or the Compliance Officer. Adherence to the Code promotes an overall atmosphere of ethical and honest behavior in the performance of our job duties.

The Code is not intended to replace, but rather supplement and support, compliance with governmental laws, rules, and regulations, as well as other Gillette policies and procedures, as may be amended from time to time. The Code provides guidance on how to resolve questions regarding legal and ethical issues and establishes a mechanism for reporting possible violations of law or ethical principles within Gillette.
