This course will offer a multidisciplinary approach to caring for children who have cleft lip and/or palate. Presentations will focus on evaluation and treatment modalities that lead to optimal outcomes for children who have cleft or craniofacial conditions.

COURSE OBJECTIVES
The conclusion of the course, participants should be able to:
• Describe the various types of cleft conditions and craniofacial anomalies and understand treatment goals and timelines
• Recognize the role of presurgical orthopedics and orthodontics in the successful treatment of cleft lip and/or palate
• Discuss the effects of middle ear disease and the role of audiology in caring for children who have cleft lip and/or palate
• Describe and identify treatment modalities for feeding infants who have cleft lip and/or palate
• Identify and describe techniques for assessment and treatment (therapeutic, surgical, and prosthetic) of velopharyngeal insufficiency in children who have cleft lip and/or palate and other medical conditions

ACCREDITATION
This activity has been designed to meet the Minnesota Board of Nursing continuing education requirements for 7.9 contact hours. Nurses and other health care professionals are responsible for determining whether this activity meets the requirements for acceptable continuing education.

AGENDA
7:04 a.m. – 7:25 a.m. Registration and Continental Breakfast
8:20 a.m. – 8:35 a.m. Welcome and Course Overview
MODULE ONE: Medical Management of the Child
Surgical Management and Initial Repair of Craniofacial Anomalies
Robert Wood, M.D.
9:00 a.m. – 9:30 a.m. The Role of Prosthetic Orthopedic and Orthodontic Cheryl Anderson-Currie, D.O.S.
9:30 a.m. – 10:00 a.m. Middle Ear Diseases in Children Who Have Cleft Lip and Cleft Palate
Geoffrey Service, M.D.
10:00 a.m. – 10:15 a.m. Break
MODULE TWO: Integrative Care Planning
The Role of Audiology in Care Planning
Annie Ludwig, Au.D., C.C.C.-A.
10:45 a.m. – 11:15 a.m. Feeding Strategies Before and After Surgery
Martha McGraw, N.N., C.P.N.P.
11:15 a.m. – 12:15 p.m. Clinical Evaluation of Speech and Velopharyngeal Functioning in the School-Age Population
John Riski, Ph.D., C.C.C.-S.L.P.
12:15 p.m. – 1:00 p.m. Lunch
MODULE THREE: Maximizing Speech and Communication
Integration of Speech Therapy With Prosthetic and Surgical Management of Vagosphenoid Dysfunction
John Riski, Ph.D., C.C.C.-S.L.P.
1:00 p.m. – 2:00 p.m. Planning Speech Therapy for Patients Who Have Vagosphenoid Dysfunction: Case Studies
Kathy Kozlowski, M.D., C.C.C.-S.L.P.
2:00 p.m. – 3:00 p.m. Low Braden’s Voice and Resonance Disorders With High Medical Impact
John Riski, Ph.D., C.C.C.-S.L.P.
3:00 p.m. – 3:15 p.m. Break
3:15 p.m. – 4:15 p.m. Clinical Evaluation of Speech and Velopharyngeal Functioning in the School-Age Population
John Riski, Ph.D., C.C.C.-S.L.P.
4:15 p.m. – 4:30 p.m. Closing Remarks and Course Evaluation
LOCATION
Wilder Center
451 Lexington Pkwy. N., St. Paul, MN 55104
