Directions to Gillette Hennepin Healthcare Clinic

Gillette Children's Specialty Healthcare's Hennepin Healthcare Clinic offers convenient access to Gillette craniofacial services for families in Minneapolis and surrounding communities. The clinic is held on **the first and third Friday of each month**, on the third floor of Hennepin Healthcare Clinic and Specialty Center's Pediatric Clinic. At the site, we offer evaluations for children suspected of having plagiocephaly (flat head syndrome) or torticollis, and consultations for children who have cleft lip and/or palate, craniosynostosis, and craniofacial hemangiomas. We also offer prenatal consultations. Assistive Technology services, including scans, fittings and adjustments for the Gillette CranioCap® Orthosis, are available. Please note that children who will need post-appointment rehabilitation therapies will be referred to a Gillette outpatient clinic.

From the north

Take 35W south to exit 17B (11th Avenue). Continue straight onto E 17th Street. Turn right onto Park Avenue. Turn right onto S 8th Street.

From the east

Take 94 east to exit 234B for 7th Street. Take a slight right onto S 7th Street. Turn left onto Portland Avenue S. Turn left onto 8th Street.

From the south

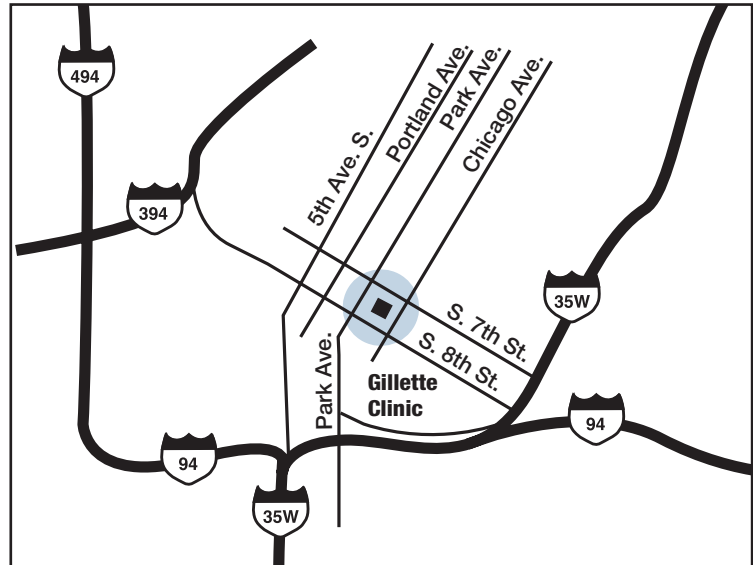

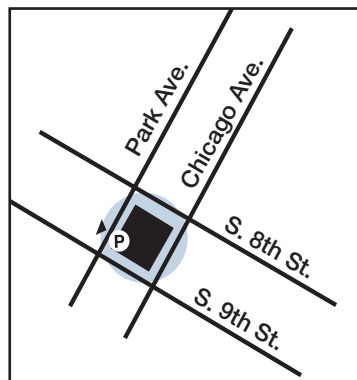

Take 35W north and keep left at the fork. Follow signs for downtown/94 west. Keep left to continue on MN-65. Keep left to stay on MN-65. Continue onto 5th Avenue S. Turn right onto 8th Street.

From the west

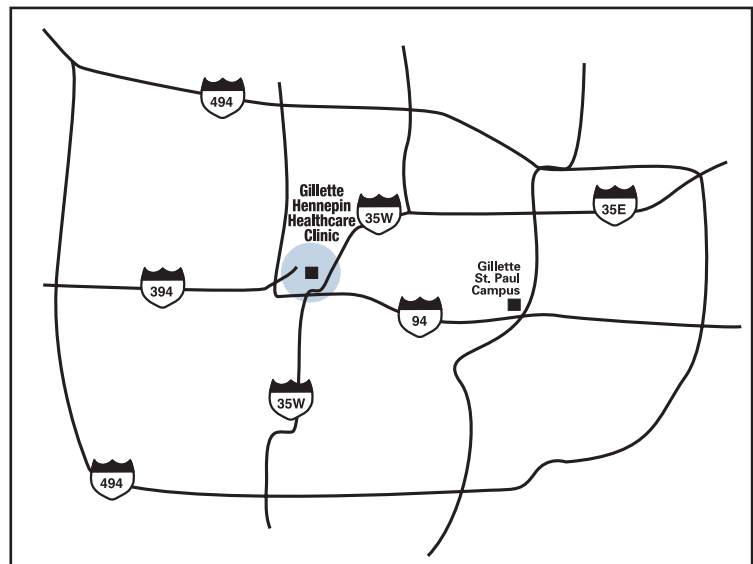

Follow 394 east to Hawthorne Avenue in Minneapolis. Take exit 9A, then take N 10th Street to S 8th Street.
